Innovation in Port Skills - 13 September 2023

Group A: Using technology to improve and monitor careers outreach

Facilitator: Chris Hatter, Portsmouth International Port

- Gamification
- Simulators – VR, port simulators, PSS simulator?, maybe ABP VR if they own the IP
- Look at rail and other sectors for inspiration
- Evergiven – scenarios that show the importance of ports – HM Victory/Minecraft
- Careers engagement – is it followed up and how?
- Hackathons – make data interesting
- Lego – digitisation, robotics – some funding available?
- Banana presentation – make it real
- ABP to Portsmouth open day
